

St Stephens Church Photo Directory

The Church directory will soon be published on our website. We would like to include your photograph alongside your directory entry to help us all recognize other members of our Church Family.

To comply with the Data Protection Act the photo directory will be password protected so will only be viewable by members of the congregation. Of course, some of you will not want to have your picture published in the directory, and there is no requirement to do so. To make sure that we understand your wishes, please complete the form below and return it to the church as soon as you can.

Name: _____

I am happy to have my (and family's) photo included in the Church Directory

No Thanks. I'd prefer not to have my picture in the Church Directory

Signed: _____
