

Rivers of Life Church, Guatemala

Iglesia Evangelica Rios de Agua Viva

The brothers and sisters of the Rivers of Life Church in Guatemala are very thankful for the kindness and generosity of St Stephen's Church in England. You have been a real blessing. Here we always pray for our St. Stephen's brothers and sisters.

At the moment the main reasons for praying are:

1. Our main purpose is to follow the Bible principles. To be a church close to God's heart. To serve the members and others as the Bibles teaches us.
2. We are currently trying to write a plan for the church for the next 5 years. We wish to see ahead... to the future... the best ways to serve our mission. We need God's guidance.
3. Please pray for our construction project. It is on our hearts to build a Clínica. We want to help sick people who need to see a doctor for medicines but they do not have any money. This has been a long term project that we really want to see accomplished, with God's help.
4. Please join us in thanking God because during the last 3 years our membership has grown considerably. This gives us great joy and a big responsibility too.
